

COOKIE POLICY
COMMERCE CLOUDSOFT LTD

When you use our platform, we may employ cookies, web beacons, and other tracking technologies for various purposes, including ensuring the platform's functionality, analyzing traffic, as well as for advertising and other objectives. These technologies may be used directly by us (the company) or by our business partners, including third-party service providers, advertising platforms, platform operators, and information platforms with which we collaborate. If you wish to learn more about cookies, their use, and settings, please refer to this Cookie Policy ("Policy").

Commerce CloudSoft LTD is the company that owns the informational resource <https://MLC.Health> and serves as the operator of the investment informational resource, which hosts a service providing access to information and participation in projects related to the development, research, and introduction of innovative products to the international market.

Our mission is to host projects and developments that are potentially important for society and public health, which can help improve the quality of life for the population and offer a broad range of people the opportunity to increase their income, regardless of salary level, inflation, or economic crisis.

This Cookie Policy describes how Commerce CloudSoft LTD uses cookies on our platform.

Cookies are small pieces of data that are stored on your computer, mobile phone, or other device after visiting websites. They are used to maintain the operation of websites and platforms, as well as to collect statistical information.

Web beacons are small graphic images that may be embedded on our platform and in our newsletters and are typically used in combination with cookies to identify users and their behavior.

The information we collect through cookies helps us analyze how our platform is used, allowing us to make it as convenient and functional as possible. Cookies can also facilitate your use of the platform and ensure that the advertisements displayed match your online search queries.

When you navigate to the platform, you may inadvertently receive cookies from other websites or web servers, known as "third-party" cookies. This occurs because the website you are visiting may contain elements such as images, maps, audio files, or links to individual web pages on other domains hosted on different servers.

Types of Cookies on the Platform

Our platform uses various types of cookies. Some cookies may be installed on your device by other data operators such as Google, Google Analytics, Yandex and others. These cookies are known as "third-party" cookies. In such cases, we are not responsible for the actions or policies of third parties.

We use the following cookies on our platform:

cookie name	cookie description
__cfduid	File cookie __cfduid helps to detect malicious visitors to our Customers' websites and minimizes blockage of legitimate users. It may be placed on the devices of our customers' end Users to identify individual clients behind a shared IP address and apply security settings on a per client basis. It is necessary to ensure security.
__csrf-frontend	This cookie helps to prevent virus attacks and has a protective function.
new-x-language-id	User language identifier
lk-session-front	User session ID
userTemporaryIdentifier	Unique user ID
lk-identity-front	Unique user ID
lk-2fa-locked	Used to indicate that the user's account is blocked
pid_utm	Contains the id of the affiliate link that was clicked on
pid	It is used to identify the partner link ID in the link address in the browser
gift_friend	It is used to identify the id of the affiliate link in the link with the gift

The duration of a cookie's storage on your device depends on whether it is a "persistent" or "session" cookie. **Session cookies** remain on your device until you stop browsing. **Persistent cookies** stay on your device after you finish browsing until they expire or are deleted.

We use session cookies to assign a unique identifier to your device each time you visit our platform. Session cookies are deleted after you close your browser and are used to maintain the functionality of our platform, as well as to analyze your usage of our platform.

If necessary, we use persistent cookies that are not immediately deleted when you close your web browser but remain on your device for a specified period or until you delete them. Each time you visit our platform, our web server recognizes the persistent cookies stored on your device. By assigning a unique identifier to your device, we create a database of your actions and preferences.

Control of Cookie Usage

You can enable, disable, or delete cookies through the settings of the browser you use to access the platform. To do this, follow the instructions provided in your browser (these are typically found under the "Help," "Tools," or "Settings" sections).

Please note that if you choose to disable or refuse cookies, you may not be able to access certain parts of this platform.

Additional Information

If you have any questions regarding this Policy or wish to learn more about the cookies used on our platform, please contact us via email at: company@mlc.health
